The organizer is entitled to assign all rights and obligations arising out of the present application to any third party nominated by the organizers.

GENERAL TERMS AND CONDITIONS OF PARTICIPATION

1 Application

All potential exhibitors having their principal place of business outside India and wishing to take part in the event must express their wish to do so by fully completing and signing – with a legally binding signature – the “Application” form and submitting it to the organizer at the earliest opportunity.

2 Permitted Exhibits and Exhibitors

All foreign manufacturers and service companies offering products and services of the solar industry can be admitted as exhibitors. All presentations and services must conform to the range of products and services of the solar industry. The organizer has the final decision.

Co-exhibitors shall not be admitted, nor additional organizations represented, unless expressly specified in the notice of admission. All exhibits must correspond to the relevant range of exhibits for this exhibition and be designated by name and category on the application form. Articles other than those permitted and registered, as well as used, hired or leased machinery, may not be exhibited. The organizer has the final decision and has the right to remove any other exhibits at the exhibitor's risk and expense. An exception is made in the case of objects which are not part of the exhibitor's range of goods, but which are required for their display (e.g. for demonstration purposes), the organizer may exclude specific exhibition objects from the admission and link the admission with conditions. The Terms of Participation as well as the Technical Guidelines are accepted as legally binding with submission of application documents.

3 Co-Exhibitors and Additionally Represented Companies

Permission for co-exhibitors and additionally represented companies must be requested in writing. The registration fee is €200 for each co-exhibitor or additionally represented company admitted. A co-exhibitor is one who presents his own goods or services, using his own staff, at the stand of another exhibitor (the main exhibitor). This definition includes group companies and subsidiaries. Agents and representatives are not admitted as co-exhibitors. The definition of an additionally represented company is as follows: In the case of an exhibitor who is also a manufacturer, an additionally represented company is any other company whose goods or services are offered by the exhibitor. If an exhibitor who is a distributor wants to display not only the products of one manufacturer but also goods and services of other companies, then these count as additionally represented companies. Admission of the exhibitor does not mean that a contract exists between the organizer and the co-exhibitors or other companies he represents. Co-exhibitors are admitted against payment. The exhibitor must make this payment. The amount can also be invoiced subsequently by the organizer. The exhibitor is responsible for ensuring that his co-exhibitors and other companies he represents comply with the Terms of Participation, the Technical Guidelines as well as the instructions of the Exhibition Management. The exhibitor is liable for the debts and negligence of his co-exhibitors as if they were his own. If co-exhibitors make direct use of the organizer's services, the organizer is entitled to invoice the exhibitor for these services. He is jointly and severally liable. The exhibitor may not move, exchange or share his stand, nor surrender it either in part or in whole to third parties, without the organizer's prior written consent.

4 Participation Fees, Lien

Besides the rent of the stand area, the participation fees include extensive services provided by the organizer such as consultation and planning advice, publicity work, organization and technical assistance. Each square meter or part thereof will be included in full in the calculation, the floor space always being considered rectangular, without taking account of projections, supports, service connections and the like. Payment of the participation fee as well as payment for admitting co-exhibitors is a prerequisite for occupation of the exhibition area. Payment in full of the participation fee is a prerequisite for occupation of the exhibition area and admission to any other forthcoming Intersolar exhibition. If exhibitors have ordered the organizer services, the organizer is entitled to withhold such services, including the supply of electricity, water, compressed air, etc., until the exhibitor has fulfilled his financial obligations to the organizer. This applies in particular to obligations arising from previous events. The organizer reserves the right to enforce the lessor's lien, as permitted by law, in order to secure its claims arising from the rental. The exhibitor must inform the organizer at any time about the ownership of articles, which are exhibited or to be exhibited. If an exhibitor does not meet his financial obligations, the organizer can detain the exhibits and stand fittings and, at the exhibitor's expense, sell them at public auction or privately. The legal provisions on the realization of the pledge are, as far as permitted by law – excluded. The organizer does not accept liability for damage to exhibits and stand fittings detained under this clause, unless the organizer is guilty of intent or gross negligence. Upon special application by the exhibitor, the participation fee and/or the payment for the admittance of co-exhibitors can be invoiced to a third party. As prerequisites, the third party must declare acceptance of the obligation or promise to pay the amount owed to the organizer, and the organizer must declare its agreement with such. Should the exhibitor wish to have an invoice rewritten because the name, legal form or address of the recipient of the invoice has changed, the exhibitor is obliged to pay the organizer a sum amounting to €50 plus VAT for each change of invoice unless the details in respect of name, legal form or address of the recipient of the invoice were incorrect on the original invoice and the organizer was responsible for the incorrect details. The exhibitors should be ultimately responsible for failure of third party.

5 Terms of Payment (See also Clause 4)

Prior payment in full of the amount invoiced is a condition for access to the exhibition area, an entry in the catalog and the provision of exhibitor passes. All invoices are to be paid in €, without deductions and free of all charges, by credit transfer to the account specified in the invoices, mentioning + indian taxes the exhibitor's client and invoice number.

6 Dates of Setting Up and Dismantling

Set up on December 2–4, 2017. Beginning of dismantling on December 2, 2017, 17:00 hrs until December 4, 2017, 18:00 hrs.

7 Sales Regulations

Direct sales and other services or deliveries made from the stand are not permitted. Presented goods must not be delivered to purchasers until after the exhibition closes. Sales are permitted only to wholesalers, retail traders and trade customers.

8 Catalog, Internet

An official catalog will be compiled for the exhibition. All exhibitors are included, with the name indicated in the application, in the alphabetical list of exhibitors in these media. The minimum entry contains the exhibitor's company name and address and three product groups. Exhibitors will be offered other entries and other forms of presentation in these media on a separate order form. The forms will be sent to the exhibitors in good time. In order to realize all printing materials, companies need to apply for the exhibition before October 27, 2017. The organizer assumes no responsibility for the correctness and completeness of the catalog. The exhibitor is solely responsible for the permissibility under law – and particularly the law on competition – of any advertisement placed in the catalog at the instigation of the advertiser. Should third parties assert claims against the organizer on account of the impermissibility of the advertisement under law in general or the law on competition, the advertiser shall hold the organizer fully safeguarded against all claims asserted including all costs of any necessary defense in court on the part of the organizer. The same applies to exhibitors entries actuated by exhibitors in the catalog and the internet database.

9 Exhibitors' Passes

For the time in which the exhibition is held, exhibitors receives exhibitor passes free of charge.

10 Rental Contract

The application of the exhibitor represents the contractual offer. The admission or rejection will be confirmed to the exhibitor in writing in due time. The rental contract comes into force when the organizer has notified the exhibitor in writing that he is admitted. This generally occurs when layout planning has been completed. According to this contract, the organizer is authorized to assign a stand area to an exhibitor, which might deviate from the information in the application unless these deviations are acceptable for the exhibitor. A deviation is considered acceptable if the organizer does not receive the exhibitor's rejection of the assignment of the stand area within one week. If an exhibitor rejects a stand area before the above mentioned deadline and the assigned stand area is unacceptable for the exhibitor, the exhibitor can demand that the organizer assigns him an acceptable stand area. If the organizer does not comply with the demand within an appropriate time period, the exhibitor can withdraw from the contract. The exhibitor does not have any further rights. The allocation of the other stands, in particular of neighboring stands, can change by the time the exhibition opens. The organizer is also entitled to relocate or close entrances to and exits from the exhibition grounds and halls, and to make other structural alterations. Exhibitors cannot make claims against the organizer because of such changes. The organizer may also subsequently, i.e. after the rental contract and the stand assignment have come into force, change space allocations, and in particular change the location, type, dimensions and size of the exhibition area rented by the exhibitor, insofar as this is necessary for reasons of safety or public order, or because the exhibition is oversubscribed and further exhibitors must be admitted or because changes in assignments of exhibition space ensure that the facilities and space required for the exhibition are used more efficiently. However, such subsequent changes may not exceed the scope which the exhibitor can reasonably be expected to accept. Should such subsequent changes result in a lower participation fee, the difference in amount will be refunded to the exhibitor. Further claims against the organizer are excluded. If exhibitors cannot use their stand space or are impaired in the use of their stand because they have infringed legal or official regulations or the Terms of Participation or the Technical Guidelines, they are nevertheless obliged to pay the participation fee in full and to pay the organizer compensation for all damage caused by themselves, their legal representatives or employees; exhibitors are not entitled to cancel or terminate the contract unless the law specifically entitles them to do so. The exhibitor's reservations, conditions, and particular wishes (e.g. regarding location, exclusion of competitors, stand construction or design) will be taken into account only if expressly confirmed in the notice of admission. Space will be allocated according to the organizer's requirements and the prevailing conditions, and in accordance with the classification system for the exhibition as applied by the organizer at its own discretion, and not according to the order in which applications are received. Exhibitors do not have a legal right to admission unless such a claim exists by law. Exhibitors who have not fulfilled their financial obligations to the organizer, e.g., in respect of previous events, or have infringed the regulations governing the use of the event grounds, or the terms of participation, may be excluded from admission. The organizer is entitled to withdraw from the contract or to terminate the contractual relationship without notice if admission was based on incorrect or incomplete statements by the exhibitor, or if, at a later date, the exhibitor no longer fulfills the conditions for admission.

11 Withdrawal from/Cancellation of Agreement

Registration shall be binding. Withdrawal by the exhibitor shall only be possible for the reasons provided for by law. If no such reason exists, FMMI shall be entitled, but not obliged, to cancel the exhibitor's registration at the exhibitor's request. FMMI shall be entitled to make its agreement to the cancellation conditional on it being able to lease the booth to another party. In this case, FMMI shall not be entitled to booth rental from the cancelling exhibitor. If it is impossible to rent the booth to another party, FMMI shall be entitled to move another exhibitor to

the unoccupied booth or to fill the booth in another way in the interest of the overall appearance. In this case, the exhibitor shall not be entitled to any reduction in booth rental. FMMI shall also be entitled to demand lump sum compensation (a cancellation fee) from the exhibitor at its discretion. The amount of the cancellation fee depends on when FMMI receives the exhibitor's (written) notification to withdraw from its binding registration or the agreement it consequently concluded.

Time of receipt of exhibitor's notification by FMMI	Amount of the cancellation fee in % in relation to the fees and remuneration that would have been due to on performance of the agreement
Until and including May 2, 2017	10%
After May 2, 2017	25%
After July 6, 2017	50%
After August 31, 2017	100%

If the exhibitor demonstrates that FMMI has suffered no loss or only a loss which is less than the cancellation fee, it shall only be obliged to pay a correspondingly reduced compensation. The exhibitor shall bear any costs incurred as a result of its instructions contained in orders already placed. Any costs for decoration or filling the unoccupied booth shall be for the exhibitor's account. FMMI shall be entitled to withdraw from the agreement if the exhibitor infringes an obligation with regard to the rights, legal interests and interests of FMMI under this agreement and it is accordingly no longer reasonable for FMMI to adhere to the agreement. In such a case, FMMI shall be entitled not only to withdraw from the agreement, but also to demand payment of the agreed booth rental from the exhibitor as flat-rate compensation. The right of FMMI to claim further damages remains unaffected. The exhibitor can demand that the flat-rate compensation be reduced if the exhibitor proves that the loss or damage incurred by FMMI is less than this amount. Exhibitors that cancel completely from the exhibition (regardless of liquidated damages being paid) will not have priority for space the following year. The Organizers must receive a written request to be placed on the wait list to exhibit. The Organizers reserve the right to reassign cancelled booth space, regardless of the liquidated damage company being paid. Subsequent reassignment of cancelled space does not relieve the cancelling exhibitor of the obligation to pay the fees. All booths must be ready for the exhibition by 6:00pm on December 4, 2017. Failure to do so will be considered a cancellation, unless the organizer have been notified and have approved otherwise.

12 Force Majeure, Cancellation of the Event

If the organizer is compelled, as a result of force majeure or other circumstances beyond its control (e.g. failure of the power supply), to vacate one or more exhibition areas, temporarily or for longer periods, or to postpone or curtail the exhibition, the exhibitors do not thereby acquire the right to withdraw or cancel, nor do they have any other claims against the organizer, in particular claims for damages. If the organizer cancels the event because it cannot hold the event as a result of force majeure or other circumstances beyond its control, or because it has become unreasonable or commercially unfeasible for the organizer to hold the event, for example as a result of too few exhibitors expressing an interest to exhibit their products, the organizer is not liable for any damages and disadvantages whatsoever to exhibitors arising from the cancellation of the event.

13 Circular Letters

Once the stands have been allocated, exhibitors will be informed by circular of further details concerning preparation and organization of the exhibition.

14 Alterations

The organizer reserves the right to make alterations and additions in matters affecting technical arrangements and safety.

15 Warranty

Complaints about any defects in the stand or exhibition area are to be made in writing to the organizer immediately upon occupying the exhibition area, and at the latest on the last day of stand assembly, so that the organizer can remedy such defects. Later complaints cannot be considered and cannot give rise to claims against and a liability of the organizer.

16 Liability and Insurance

The organizer is liable for personal injury (damage arising from injury to life, body or health) in accordance with applicable statutory provisions caused by neglect of duty for which the organizer, its legal representatives or employees are responsible, as well as for other damage caused by intentional or grave breach of duty by the organizer, its legal representatives or employees. The organizer is also liable for any damage caused by grave breach of cardinal duties by the organizer, its legal representatives or employees. In these cases the organizer is liable only if the damage is typical damage and not consequential damage and then only up to 5 times the net participation fee, at most, however, €100,000 per claim. This limitation of liability applies only to entrepreneurs, legal persons under public law or special funds under public law. If the exhibitors are entrepreneurs, legal persons under public law or special funds under public law, the organizer is under no circumstances liable for damage to or loss of goods brought to the exhibition by the exhibitor or the stand fittings or furnishings. In this case, it is immaterial whether such damage or loss occurs before, during or after the exhibition. The same applies to exhibits left on the exhibition grounds by exhibitors, their employees or representatives. For his part, the exhibitor is liable for any culpable damage to persons or property caused by him, his employees, representatives and co-exhibitors and their exhibition articles or exhibition installations and equipment. Each exhibitor is obligated to take out suitable insurance with sufficient insurance coverage with an internationally recognized insurer registered in the European Union and to pay the premiums incurred (including insurance tax) in good time.

17 Photography, Filming, Video Recording and Sketching

Only persons authorized by the organizer and in possession of a valid organizer pass may film, photograph, or make sketches or video recordings in the exhibition halls and the outdoor exhibition area. Under no circumstances may photographic or other images or recordings be made of other exhibitors' stands. If this rule is infringed, the organizer can demand that the recorded material be surrendered and take legal steps to achieve this end. Photographs of stands which are to be taken outside normal opening hours and need special lighting require the organizer's prior consent. Such photographs require the main ring circuit to be switched on by the hall electrician. The exhibitor will be charged the costs incurred, insofar as they are not borne by the photographer. The organizer is entitled to have photographs, drawings, films and video recordings made of events at the exhibition, of stands and exhibits, and to use them for advertising or general press publications.

18 Catering, Deliveries to Stands

Only companies approved for the event grounds may supply exhibition stands with food, beverages and/or flowers. Deliveries to exhibition stands are only permitted with restrictions. The organizer is authorized to allow deliveries to stands only at certain times. Detailed information on the possibilities of catering at the booth will be given in the Exhibitor Service Manual at a later stage but in due time before the exhibition starts.

19 Intellectual Property Rights

The organizer expects exhibitors to respect the intellectual property rights of other exhibitors. Within the scope of the applicable law the organizer is entitled but not obliged to set up an Intellectual Property Complaint Office (IP C Office) for each exhibitor, whose purpose shall be to support exhibitors in cases of infringement of their IP rights by other exhibitors. If it is proved to the organizer, by presentation of a court decision, that an exhibitor has infringed the intellectual property rights of another exhibitor with the articles on display, printed papers, advertising materials, or otherwise, then the organizer is, within the scope of the applicable law, entitled, although not obliged, to remove from the offender's stand the exhibits, printed matter, or advertising material causing such infringement and to impound them until the end of the exhibition, to close the offender's stand, and/or to expel him and his staff from the exhibition grounds. The organizer is also entitled to exclude the offender from future events. If such measures prove unjustified, no claim for damages can be made against the organizer, unless the latter is guilty of gross negligence or wrongful intent.

20 Verbal Agreements

All verbal agreements, individual and special arrangements are valid only with the organizer's written confirmation.

21 Regulations for Use

Exhibitors must comply strictly with the building and use rules for the event grounds. Exhibitors are not permitted to spend the night in the halls or on the outdoor area. Exhibitors must take the other participants in the event into consideration, must not act contrary to public policy and must not misuse their participation in the event for ideological, political or other purposes which have nothing to do with the event.

22 Period of Limitation, Period of Exclusion

All the exhibitor's claims against the organizer arising from the stand rental, and all legal proceedings in connection therewith, lapse after a period of six months. This period of limitation starts at the end of the month in which the closing date of the fair falls. Notwithstanding the provisions set out in Clause 21, any complaints about invoices are to be made in writing within a period of exclusion amounting to 14 days following receipt of the invoice concerned.

23 Place of Performance, Applicable Law

Mumbai shall be the place of performance, also for all financial obligations. Only the laws of the Republic of India shall apply.

All disputes arising out of this agreement shall be subject to the jurisdiction of the competent courts for Freiburg, Germany. The organizer may, however, at its option, also assert its claims against the exhibitor before the courts of the exhibitor's principal place of business or have all disputes arising out of or in connection with these claims finally settled under the Rules of Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with the said Rules.

24 Data Protection

In compliance with data protection legislation, the person-related data of the exhibitor is processed and used for fulfilling the business purposes of the organizer as well as being forwarded to third parties in order to above all fulfill the purpose of the contract concerned.

25 Severability Clause

Should the provisions set out in the Terms of Participation or Technical Guidelines be or become legally invalid or incomplete, the validity of the other provisions or the contract concerned remains unaffected. In such a case, the contracting parties undertake to replace the invalid provision and/or fill the gap with a provision with which the contracting parties are most likely to achieve the economic purpose they pursue in English.
